

PSET 8

JS for "Articles" navigation options

```
let width = window.outerWidth
```

```
let html = ''
```

```
if (width < 677) {
```

```
  html = [insert dropdown html here]
```

```
} else {
```

```
  html = [insert submit html here]
```

```
}
```

```
document.querySelector("#form").innerHTML =  
  html
```

```
<select name="genre" class="filter">  
  <option value="poems">poems</option>
```
